

AMERICAN RADIO RELAY LEAGUE

INCORPORATED

Administrative Headquarters

WEST HARTFORD 7, CONNECTICUT, U. S. A.

Affiliation with ARRL brings many advantages to Amateur Radio Clubs. One of the benefits granted to affiliated groups is the special club membership-subscription rate outlined below.

The individual club member pays the club treasurer the full ARRL yearly membership fee of \$5.00 in the U. S. and Possessions, \$5.25 in Canada. The club treasurer remits to ARRL \$4.50 for each U. S. membership, \$4.75 (U. S. funds) for each Canadian membership. The club treasury nets a dividend of 50¢ for handling each entry. An initial minimum of 10 entries must be submitted to start the ball rolling. Additional entries may be sent in any quantity by a Club Officer. Please state whether each entry is a new one, a renewal or extension, indicating the issue of QST with which it is to begin. The family-membership plan: If an individual is a licensed amateur and has husband or wife, brother or sister, son or daughter, father or mother who is an active full member, living at the same address, said individual can become a full member of the League, without QST, at the rate of \$1.00 per year. Membership under this plan must run concurrently with that of the full member receiving QST, and is not subject to a special club rate.

IMPORTANT: The individual member should give the Club Secretary his renewal of membership well in advance of its date of expiration. Continuous membership for at least four years is required of candidates for ARRL director and vice-director. Any lapse in membership destroys such continuity. A lapse occurs when your renewal is not received at ARRL prior to the expiration date of your membership; no grace period is provided for. If the Club Secretary fails to send in renewals before date of expiration, we can only renew as of the date received. League membership records are based on actual date of receipt of renewals at Headquarters. Keep memberships continuous; renew promptly!

Special recognition is given 100% ARRL clubs. An attractive certificate will be awarded to those clubs that qualify for the Honor Roll listing of Affiliated Clubs that can show 100% ARRL membership; the listing is published in June and December QST each year. MAKE YOUR CLUB 100%!
